

Balancing Work and Family Life: Research and Implications

oleh:

Dr. Artiawati, MAppPsych

*) Dipresentasikan dalam Temu Ilmiah Ikatan Alumni S3
Fakultas Psikologi Universitas Padjadjaran, dalam rangka
Dies ke-56 Fakultas Psikologi Universitas Padjadjaran,
Jatinangor, Jumat, 20 Oktober 2017

Road Map

- Project 3535 research (2002-2017)
- Research on 3 Asian countries (India, Taiwan, Indonesia (2011)
- Doctoral Dissertation (2012)
- Joint research with Zhejiang University & Zhokou Normal university, China (2016)
- International Study of Work and Family (ISWAF) Project (2017)

Project 3535

- Starting 2002, conducting a qualitative study to investigate the antecedents and outcomes of work-family conflict.
- Building a model (2003), then conducting a quantitative survey (2004).
- Using 2803 samples in 10 countries
- Findings have been published in the book **“The Work-Family Interface in Global Context”** (Routledge, 2017)

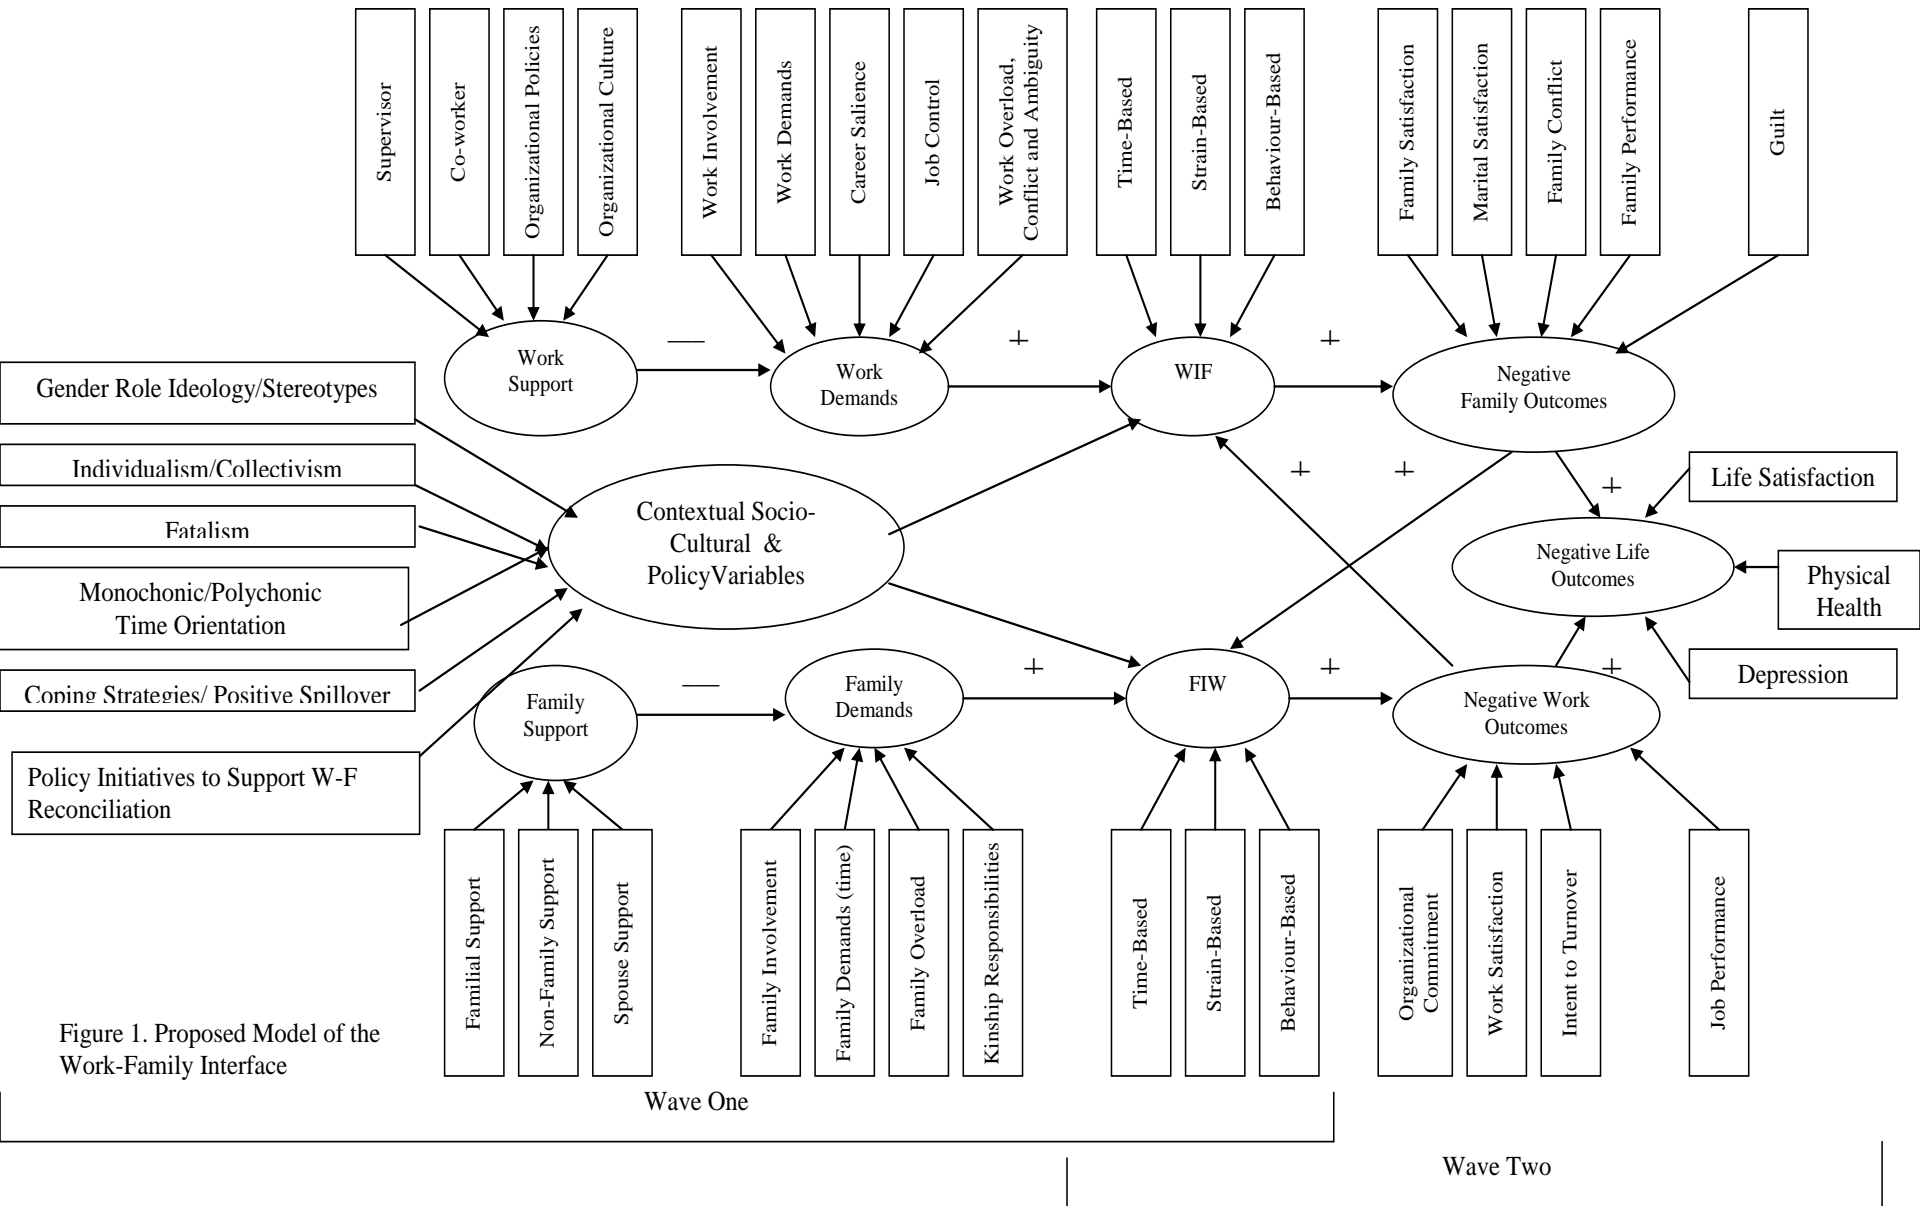

Figure 1. Proposed Model of the Work-Family Interface

THE WORK-FAMILY INTERFACE IN GLOBAL CONTEXT

Edited by Karen Korabik,
Zeynep Aycan, Roya Ayman

Table of Contents:

Section 1: Examining the Impact of Culture on the Work-Family Interface

Chapter 1: Introduction to Project 3535: Lessons Learned from a Multicultural Collaborative Research

Chapter 2: Methodology, Measurement, and Country Classification

Chapter 3: The Impact of National Context and Organizational Policies: A Cross-Cultural Analysis

Section 2: The Work-Family Interface in Project 3535 Countries

Chapter 4: United States

Chapter 5: Canada

Chapter 6: Australia

Chapter 7: Israel

Chapter 8: Turkey

Chapter 9: India

Chapter 10: Indonesia

Chapter 11: China

Chapter 12: Taiwan

Section 3: Work-Family Issues in a Global Context

Chapter 13: An Integrative Model of Work-Family Conflict: Pancultural Effects and Cross-Cultural Differences

Chapter 14: Positive Spillover of the Work and Life Domains

Chapter 15: Understanding the Role of Personal Coping Strategy in Decreasing Work and Family Conflict: A Cross-Cultural Perspective

Chapter 16: Social Support and the Work-Family Interface from a Cross-Cultural Perspective

Chapter 17: The Role of Work-Family Guilt in the Work-Family Interface: A Cross-Cultural Analysis

Chapter 18: Work-Family Conflict and Positive Spillover: Examining the Interaction of Gender, Gender-Role Ideology, and National Gender Equity Culture

Chapter 19: Work-Family Conflict and Positive Spillover: Examining the Interaction of Societal Culture and Demographic, Nonwork/Family, and Work-Related Contextual Variables

Chapter 20: Summary and Conclusions

Contributors include:

*Karen Korabik, University of Guelph, Canada.

*Zeynep Aycan, Koç University, Turkey.

*Roya Ayman, Illinois Institute of Technology, USA.

*Artiawati, University of Surabaya, Indonesia.

*Anne Bardoel, Monash University, Australia.

A. Burcin Baskurt, Koç University, Turkey.

Barbara Beham, Berlin School of Economics and Law, Germany.

*Tripti Pande Desai, New Delhi Institute of Management, India.

*Anat Drach-Zahavy, University of Haifa, Israel.

*Leslie B. Hammer, Portland State University, USA.

*Ting-Pang Huang, Soochow University, Taiwan.

Nahren Ishaya, Illinois Institute of Technology, USA.

*Donna S. Lero, University of Guelph, Canada.

*Zhang Li, Harbin Institute of Technology, China.

*Steven Poelmans, EADA Business School, Spain.

*Ujvala Rajadhyaksha, Governors State University, USA.

*Anit Somech, University of Haifa, Israel.

*indicates core Project 3535 member

Research on 3 Asian countries (India, Taiwan, Indonesia)

- Ujvala Rajadhyaksa, Ting-pang Huang & Artiawati (2011)
- **Gender role ideology, work-family overload, conflict and guilt: Examining a path analysis model in three Asian Countries.**
- 1148 samples (561 India, 281 Taiwan & 306 Indonesia)
- Presented in Regional Conference International Association of Cross-Cultural Psychology, Istanbul, Turkey (2011)

Doctoral Dissertation

- Artiawati (2012)
- **Work-Family Conflict on Journalists in Java and Bali: A model of work-family conflict with gender-role ideology, role overload, social support and personality as antecedents; guilty feeling and psychological well-being as consequences**
- 360 journalists in 6 provinces of Indonesia.

Joint research with Zhejiang University & Zhokou Normal university, China

- Artiawati, Wulan Widayaswari, Febe Septiyanti, Paxia DAS, Icha Prameswari, Nadya Baan (Faculty of Psychology, University of Surabaya), Nan Zhang (Department of Psychology, Zhejiang University), & Liu Xiaozu, Bai Jie, Ma Renfei (School of Education Science, Zhoukou Normal University) (2016)
- **The Differences of Work-Family Conflict Self-Efficacy across Gender, Job Level, and Culture**
- **The Differences of Work-family Enrichment across Gender, Job Level and Culture**
- **The Role of Work-family Conflict Self Efficacy, Spouse and Supervisor Supports in Predicting Work-family Enrichment**
- 727 samples (499 Indonesia & 228 China)

International Study of Work and Family (ISWAF)

- Starting mid 2017
- The primary objective is to extend existing cross-national work-family research by **examining the impact of national context in particular cultural values on individual's work family conflict, enrichment and balance, as well as work-family boundary management**
- 35 countries prepared for 10.500 samples

ISWAF Collaborators

16. **Kenya** Kinuthia, Irene Strathmore Business School

ISWAF Collaborators

17. **Lebanon** Haitham Khoury American University of Beirut School of Business
18. **Netherlands** Pascale Peters, Marloes Van Engen Radboud University, Tilburg University
19. **New Zealand** Katharian Naswall University of Canterbury
20. **Nigeria** Ohu, Eugene Lagos Business School
21. **Norway** Kost, Dominique Norwegian Business School
22. **Peru** Marcelo, Pimentel Centrum Graduate Business School
23. **Poland** Kurowska, Anna University of Warsaw
24. **Russia** Tsukanova, Tatyana St. Petersburg State University
25. **Singapore** Cho, Eunae Nanyang Technological University Singapore
26. **South Africa** Jaga, Ameeta University of Cape Town
27. **South Korea** SOHN, Young Woo Yonsei University
28. **Spain** Poelmans, Steven EADA Barcelona
29. **Sweden** Languilaire, Jean-Charles Malmö University
30. **Switzerland** Straub, Caroline Bern University of Applied Sciences
31. **Taiwan** Huang, Ting-pang Soochow University, Taipei
32. **Tunisia** Triki, Leila Mediterranean School of Business
33. **UK** Lewis, Sue Beauregard, Alexandra Middlesex University
34. **US** Allen, Tammy [University of South Florida](#)
35. **Vietnam** Marcello Russo University of Bologna

Implication

Work-family balance is a state when

1. Work and family satisfaction are balanced
2. Work-family conflict is well managed
3. Work-family enrichment (some other positive aspects of work-family interface) are gained
4. Some predictors play important roles (eg. gender role ideology, demands, supports, personality, work-family conflict self-efficacy)

Thank
You.
